

DE FABRIQUE

DeFabrique is the perfect location for events ranging from 50 to 3,500 people. Our former mixed feed factory is sure to include the perfect space for your exhibition, conference, or party.

INDUSTRIAL HERITAGE WITH MODERN FACILITIES

DeFabrique's characteristic atmosphere will be the perfect backdrop for your event. The modern facilities help ensure a high-quality gathering.

EXTENSIVE EXPERIENCE

The DeFabrique team has a good seventeen years' worth of experience in providing support for and organising events.

PERFECTLY ACCESSIBLE

DeFabrique is located in Utrecht, between railway tracks, a canal, and the motorway. Thanks to its unique location at the heart of the Netherlands and a mere stone's throw away from Schiphol International Airport, our site is easily accessible for guests from all over.

# HISTORY

LOODS 7

ELEVATOR

**When Ulbe Twijnstra first commissioned the construction of this linseed oil and mixed feed factory, he could not have known that eighty years later, it would become one of the most characteristic and innovative events venues in the Netherlands. Allow us to take you back in time...**

### **CONSTRUCTION OF THE FACTORY**

In 1921, a modern factory for the production of linseed oil and oil cakes to be used as animal feed, arose a mere stone's throw from the town of Maarsse. After the Second World War, the factory switched to producing oil using copra, the dried kernels of coconuts. In 1962, the factory stopped producing oil and began focusing entirely on producing mixed feed.

### **THE CREATION OF DEFABRIQUE**

In 1996, their production activities were moved to Deventer, meaning that the old factory became obsolete. The old factory was for sale for five whole years, until Jan and Krijnie van Eck bought the factory to repurpose it into an events venue, called 'DeFabrique'.

Jan and Krijnie felt that the old factory with its characteristic spaces presented a perfect opportunity to preserve a piece of history and share it with others. Their drive to make optimal use of the building and its industrial environment resulted in an utterly modern events venue with a unique look and feel.

**“Every room has been lovingly renovated and has its own story to tell, creating a lasting impression on our guests, time and time again.”**

### **PROFESSIONAL EVENTS ORGANISER**

DeFabrique developed very rapidly; we quickly scaled up from one event each week to three a week, and from 30 guests per event to around 100. DeFabrique is currently one of the most visited events venues in the country.

# THIS IS WHY PEOPLE CHOOSE DEFABRIQUE!

21 warehouses, silos, and halls that can accommodate between 50 and 3.500 visitors with a total floor area of more than 10.000 m<sup>2</sup>.

- ✓ An industrial building, lovingly renovated
- ✓ Flexible and proactive team with well over 15 years' worth of experience
- ✓ Incredibly fast wireless internet
- ✓ Creative & unique catering
- ✓ Centralized location in Utrecht
- ✓ Easy to get to using public transport and the A2 motorway
- ✓ 700 free parking spots
- ✓ Family business

# APPROACH

## 2. PROPOSAL

We will provide you with a unique proposal based on your application and your site visit.

## 4. PRODUCTION MEETING

Around 14 days before any event, we like to schedule a so-called production meeting.

## 6. ASSESSMENT

After the event our account manager will contact you to discuss the preparatory process and the execution.

## 1. SITE VISIT

We would love to give you a tour of our characteristic events venue.

## 3. PREPARATION

Our producer will contact you in due time to discuss the necessary details.

## 5. EXECUTION

On the day of the event, your own personal event manager (your contact for the whole day) will welcome you to the venue. The event manager and your producer will then discuss the plan and any last details that may require your attention with you.

**[more information](#)**

# INTERIOR DESIGN

## **AN OLD FACTORY AS YOUR BACKDROP**

Our aim is to enrich people's lives, and we believe that our industrial heritage allows us to do so. As such, we are very proud of our fully renovated mixed feed factory.

The rusty pipes, worn walls, original factory windows and silos form the perfect backdrop for a cool, much talked-about event.

Seated on our own industrial vintage furniture, we will provide an unforgettable experience.

**more information** 

INDUSTRIAL VINTAGE

DUTCH CAFÉ

SITTING DINNER

“During a creative brainstorming session, we come up with ideas for creating the right atmosphere.”

MOBILE LIVING ROOMS

# TECHNOLOGY

“Create any desired atmosphere in the blink of an eye.”

It has become nigh-on impossible to imagine an event without the addition of technology. The quality level of any conference or corporate festival these days stands or falls by the right use of lighting, sound, and digital support. Our aim is to take care of as many of your worries as possible, so we make sure to keep abreast of any new innovations and have all of the necessary professional equipment and staff available at our locations.

## **INTERNET | GO ONLINE WITH THE PRESS OF A SINGLE BUTTON**

Internet is like tap water these days, a basic amenity for both event managers and visitors. More and more events are 100% dependent on fast and reliable Internet. Our optic fibre Internet connection is safe and easily operated using one of our network controllers, allowing you to go online in a matter of seconds!

## **HD PROJECTORS | INCREDIBLY CRISP PRESENTATIONS, ABSOLUTELY GUARANTEED**

With our brand new HD projectors, incredibly crisp presentations are guaranteed! These powerful laser projectors use the latest technology and require no maintenance, allowing us to guarantee the same high quality level every single day.

## **LED LIGHTING | CREATE ANY DESIRED ATMOSPHERE IN THE BLINK OF AN EYE**

Save 70% on energy consumption and create any desired colour combination in the blink of an eye? The notion was music to our ears. That's why our partner Bijman Audiovisueel installed 248 Robe Robin ParFect 100 RGBW LED light fixtures at DeFabrique. With a mere two buttons, we are able to control the light's intensity and a colour wheel containing 237 shades, allowing us to create any desired atmosphere at our industrial location in no time, saving production teams a lot of time and effort.

## **QUALITY CONTINUITY**

Adjusting lights and sound properly in an industrial location is not easy. That is why DeFabrique has been working with Bijman Audiovisueel for many years now. This allows us to guarantee that your audiovisual message will be communicated optimally using high-end lighting, visuals, and sound.

## **OPTIMAL UNBURDENING**

We like to take on as many of your burdens as possible. Do you need an extra microphone or projector? Or are you dreaming of a 10-metre-wide screen for your plenary presentation? Rest assured; no matter the request, we can take care of it for you.

**[more information](#)** 

# SUSTAINABILITY

**SIL0 0**

DeFabrique feels that sustainability is very important, because it is the only way to engage in entrepreneuring with future generations in mind.

## **WE CONTRIBUTE TO A BETTER WORLD BY WAY OF THE FOLLOWING:**

- Renovating industrial heritage using recycled materials
- Using 100% green energy
- Offering alternatives to beverages that are high in sugar
- Stimulating our guests to serve tap water
- Using LED lighting
- Reducing no-show at events
- Stimulating our guests to use public transport to get to our venue
- Buying from local (organic) suppliers
- Using environmentally-friendly cleaning agents and engaging in waste separation
- Digitalising our documentation as much as possible
- Using paper with the FSC/PEFC and ECT/TCF labels
- 334 solar panels to enable energy-neutral events

# EXHIBITION

“20 Characteristic industrial spaces to mix and match in an endless variety of ways.”

[more information](#)

Your visitors will hardly know where to look when entering the exhibition through your exclusive entrance. Musical entertainment will add a relaxed vibe to the reception, and there will be catering and sanitation to boot. Due to its many different spaces, DeFabrique is perfect for exhibitions with a surface area of between 200 m<sup>2</sup> and 10,000 m<sup>2</sup>.

## DISTINGUISHING APPEARANCE

The old factory's industrial appearance provides an added dimension for your exhibition and sets it apart from regular trade exhibition venues.

## EXTENSIVE FACILITIES

DeFabrique's spaces all feature plenty of sub rooms and technology sets that are tuned specifically for the acoustics and characteristics of each individual space, perfect for lectures or sales pitches.

## HIGH-QUALITY CATERING

How about a picnic in a Central Park-themed setting or an after party in an atmosphere akin to that of the Berlin club scene? No problem: our experienced team will work with you to organise an absolutely unforgettable exhibition!

LOODS 7

COPRALOODS

Say you are organising a conference and are looking for something new, something different. An extraordinary atmosphere, a creative catering concept, or a location that will be much talked about... You want to come up with a formula that will ensure that your conference becomes an unforgettable event.

### **EXTENSIVE EXPERIENCE**

Our flexible and proactive team would be happy to collaborate with you to ensure that your conference features a proper substantive programme, astonishing entertainment, and creative catering.

### **PLENTY OF SPACE FOR THE PERFECT EVENT**

DeFabrique can accommodate between 50 and 3,500 guests and consists of over 20 surprising spaces featuring first-class facilities for you to mix and match.

**more information** 

“A unique mix of technology and history.”

# COMPANY PARTY

~~~~~

“For a memorable party, you need a location that is bursting at the seams with character.”

The ultimate company party at an impressive location, featuring dazzling entertainment and delicious bites and drinks. Whether you are inviting 50 or 3,500 guests, the perfect space for your memorable party is surely among the twenty surprising industrial spaces at our former mixed feed factory.

WHY THROW 1 PARTY WHEN YOU CAN THROW 4?

How can you ensure that your party remains surprising throughout and that your guests are optimally entertained? By switching between various rooms throughout the night! Our special party concept has your guests file through a number of spaces throughout the night, from reception to dinner into party and after party. With a choice of 20 characteristic spaces that are linked by a range of exciting passageways, your party is sure to be talked about for a long time to come!

LIGHTING & SOUND ARE TAKEN CARE OF

Our experienced team would love to take on the challenge of organising a unique, creative, and (most of all) unforgettable company party with you. Don't worry about professional lighting and sound; we will work with our regular audiovisual partner to provide first-class technological facilities.

COMPANY PARTY LOODS 7

PERSERIJ

Anyone standing at the centre of our ‘Perserij’ and looking up will encounter an immense 14-metre-high space. The impressive steel mezzanine that used to hold the old linseed oil mills is the perfect backdrop for conferences, exhibitions, and parties of 50 to 1,000 people that will be talked about for a long time to come! Original factory lights and pipes add a golden gleam to the industrial atmosphere.

STYLISH EXPANSION OPTIONS

Our ‘Perserij’ has the Foyer as its very own reception room; moreover, the ‘Jutekelder’ can be set up as an adjoining catering room or sub room. On the next floor up are four sub rooms featuring plenty of industrial details. For example, the ‘Douchelokaal’ still contains the old showers that the factory workers used to use. The ‘Meelzolder’, ‘Havenmeester’ and ‘Postkamer’ all feature characteristic runway lights. All four spaces are suitable for plenary sessions or creative workshops.

KALVERMELK FABRIEK

At the 'Kalvermelkfabriek', factory workers used to produce milk powder using calf milk many years ago. Nowadays, it makes for the perfect venue for your event.

The 'Kalvermelkfabriek' consists of nine multi-purpose spaces: The 'Micromengerij', 'Loods 5', 'Loods 6', 'Loods 7', 'Kalvermelk 1', 'Kalvermelk 2a – 2b - 2c', and 'Kalvermelk 3'. Together, these characteristic rooms can house anywhere from 40 to 1,000 guests. Our clients' favourite aspect of this venue is the possibility to combine the various rooms and sub rooms in an endless number of ways.

MULTIFUNCTIONAL VENUE

Our clients' favourite aspect of this venue is the possibility to combine the various rooms and sub rooms in an endless number of ways.

INDUSTRIAL DETAILS

At 'Loods 7', natural light streams through the tall windows that truly make you feel as though you are in a factory. The other spaces also clearly used to be involved in the production of calf's milk. With its original silos, remains of machinery, and stylish industrial vintage furniture, the 'Kalvermelkfabriek' makes for a striking location for your corporate festival, exhibition, or conference.

“9 Industrial spaces that used to be involved in the production of milk powder.”

COPRALOODS

The gabled roof of the 'Copraloods' is one of the eye catchers at DeFabrique. At 940 m², this is the second largest space at our events venue. Whether you require a theatre setup featuring 1,000 bucket seats, or are organising a sitting dinner for 250 guests, any event will be truly unforgettable when held at the 'Copraloods'.

COCONUT STORAGE

In the past, this warehouse was used as a coconut storage. The coconuts were sucked out of the docked ships using the elevator next to the warehouse and then transported into the warehouse.

MODERN FACILITIES

Sustainable LED lighting in any shade imaginable immediately creates the right ambiance in this impressive space. The mezzanine is the perfect place for entertainment or decorations. Ten access points enable incredibly fast Wi-Fi for all guests.

EXCITING ENTRANCE

One enters the 'Copraloods' through the 'Nieuwe Fabriek' and the exciting passageway through 'Silo 36', a unique space where eight pyramid-shaped silos hearken back to the site's old station as a mixed feed factory. You can also incorporate the nearby 'Kalvermelkfabriek' or 'Loods 8', the former distribution centre.

SMEDERIJ

The 'Smederij's' multifunctional rooms are events venue DeFabrique's latest proud addition. The proportion of glass lends a transparent character to this extraordinary building.

In the afternoon, the sunlight invites guests to forge new friendships on the private terrace with a view of the characteristic elevator.

CONNECTED AND YET SET APART

Alongside the 280m² large 'Smederij', which makes for a perfect presentation room and features an industrial catering plaza, this venue also contains four sub rooms, 'Smederij a, b, c, and d'. Thanks to the glass walls, the guests in all of the different sub sessions are still connected with one another.

CAREFREE BRAINSTORMING

All spaces are equipped with modern audiovisual technology, LED lighting, free Wi-Fi, and white bucket seats. The sub rooms boast 65-inch LCD screens. We also offer free parking with professional support right here on our grounds.

IDE FABRIQUE
CATERING

“An event cannot be called a true success unless the food and drinks were wonderful too. That is why we continuously challenge ourselves to keep surprising you with delicious, creative, affordable catering.”

[more information](#) 

DEFABRIQUE CATERING

An event cannot be called a true success unless the food and drink was wonderful too. That is why we continuously challenge ourselves to keep surprising you with delicious, creative, affordable catering.

FROM NO-NONSENSE CATERING TO HIGH-END SITTING DINNER

We will realise your wildest dreams with our custom catering. A square full of food trucks serving a dozen different dishes? Or fancy Gin Tonics, shaken but not stirred, live next to the equally fancy oyster bar? Our chef and our experienced kitchen team would love to take on the challenge and create a delicious catering concept in collaboration with you.

CREATIVE CATERING, PRESENTED IN AN INDUSTRIAL FASHION

Cream cheese injected into Spanish tostados live using a caulking gun, or test tubes full of gazpacho... Our creative kitchen team is constantly coming up with new ways to serve food and drink in a creative, industrial manner. For example, we serve our chicken meatballs in an oil drum and our sandwiches enter the lunchroom by way of Stuart the Food Train.

SILICON GUN FILLED WITH CREAM CHEESE

FOOD AND DRINKS AT EVENTS

Serving guests during an event is an entirely different animal than serving guests at a restaurant. Guests tend to enter in large groups at once and often have very little time between the various elements of their programme, meaning that the service is filled with high-pressure peak moments. Throughout the years, DeFabrique has gained extensive experience in dealing with these challenges efficiently.

LOCAL AND SUSTAINABLE

DeFabrique uses organic and regional products as much as possible. The notion of limiting our so-called 'food miles' by using local suppliers is a key item on our agenda. Our apples are sourced from a local farmer in the nearby polder, and our juices are sourced from the Schulp family business in Breukelen.

PRESENTATION & SERVICE

Our events venue DeFabrique calls for a cool, industrial presentation for food and drinks. We like to use materials and tools that would have been part of our former mixed feed factory back in the day, such as old tool carts, oil drums, cable reels, and mobile scaffolding.

BLIKVANGIER

SKEWERS IN THE GRASS

ITALIAN CAPRESE

CUSTOMISED FOOD AND DRINKS

DeFabrique offers a wide range of bites, drinks, lunches, and dinners. We prepare a suitable proposal based on each event's individual programme. Additionally, we provide customised service and come up with creative ways of serving up our catering efforts. For example, we might serve dishes on a car windshield for a car presentation, on top of books for a publisher's event or serve a dressing on the side in syringes for a pharmaceutical event.

SNACKS UPON

RECEPTION

First impressions are created upon reception, and these first impressions must be right! We like to ensure that guests look favourably upon your event from reception onwards by providing tasty snacks that no one will want to pass up.

DEFABRIQUE COOKIES

You can smell them even as you enter the hall; the entire space is filled with the delicious smell of freshly baked goods like brownies, carrot cakes, homemade chocolate chunks, and coconut cookies.

LIVE STROOPWAFELS

The best stroopwafels are prepared live, in person; you couldn't get them any fresher than this! We serve the tastiest, freshest stroopwafels in Utrecht and the surrounding area. You can smell them even as you enter the hall. So grab a warm stroopwafel first, before following it up with a delicious cup of coffee.

KOFFIE LOLLIES

UTD CONCENTRATE

LUNCH

We will serve a lunch that is suitable for your particular guests, depending on your type of event. We offer a wide range of options.

ROLLING LUNCH

We serve your guests luxury sandwiches on mobile scaffolding. The scaffolding will draw the guests' attention and serve as a mobile sandwich buffet.

ÉTAGÈRE LUNCH

We dot the place with étagères featuring a range of miniature sandwiches, allowing your guests to choose from the many delicious toppings themselves. Our freshly made soups are served using vending trays.

FOOD TRAIN

DeFabrique is presenting its latest concept: Stuart, our food train! Our industrial train serves whichever dishes you like, ranging from soup or lunch to full three-course menus, bringing the food to you the way trains used to run around factories carrying goods.

ROLLING LUNCH

MAIN-COURSE SALADS

BORREL

Our venue is unique due to its industrial character. We enjoy reflecting this industrial vibe in the way we present our snacks as well. For example, we serve our delicious Italian Caprese on nails, and a range of other bites out of tool trolleys.

If this is not industrial or sturdy enough to suit your tastes, rest assured; we would be happy to come up with a custom solution that is perfect for your particular event.

SNACK PLATTER AUTHENTIQUE AND MAGNIFIQUE

DE KEUZE IS REUZE

BAR SNACKS

DEFABRIQUE'S KITCHENS

We serve a range of small dishes prepared using the most wonderful ingredients out of our DeFabrique kitchens. Depending on your event's programme, you can also employ our kitchens for your lunch, drinks, or dinner.

DINERCONCEPTEN

Our kitchen team likes to develop dinner concepts that are in line with the DeFabrique brand and include ways of presenting the food and drinks that are just left of centre.

SHARING DINNER

Our sharing dinner is a mix of fine dining and a set menu. We place wooden crates containing water, various types of wine, and all of the other necessary supplies at the centre of the tables. The first course consists of a range of shot glasses filled with amuse-bouches, soups, and bites. The guests are in charge of dividing the various dishes amongst themselves. Our service team then serve the main course and dessert.

ROLLING DINNER

Using our mobile scaffolding, we will serve your guests a first course, main course, and dessert. The dishes are presented to your guests on the go, making for the perfect combination between a walking dinner and a buffet. Thanks to their industrial vibe, the scaffolding lines up perfectly with DeFabrique's overall industrial character.

CHEFS ON STAGE

Ready while you wait, and better yet, freshly made while you watch! During Chefs on stage, our chefs will prepare your chosen dish for you. The concept is simple. Guests are given a card for them to note down their name and preferences. For example, at a dinner event, they will be able to choose a base, such as potatoes or pasta, a protein, such as seafood, meat, or vegetarian, and various sauces. Guests then hand their cards to one of the chefs, who will prepare their meal for them.

DINER BUFFET

Our dinner buffets feature a wide range of delicious dishes. Many of our buffets are based on street food and feature well-known dishes such as hamburgers, pizza, wok dishes, salads, tapas, and Italian pasta dishes. We would be happy to discuss the many options with you.

FIRST COURSE

BURGER

STICKY CHICKEN

DESSERT

A dessert, sweet treat, or final course. DeFabrique offers a wide range of options, from ice cream served out of usherette trays to homemade apple pie served in individual jars. Or how about a course of trolley bites, an ice cream buffet, or a course of seasonal fruits?

FROZEN YOGHURT

GRANNY'S APPLE PIE

DEPARTURE

A popular conclusion to any celebration: our paper cones filled with chips and mayo. These are served right before your guests leave to take care of any niggling appetite for a snack they may still have by the end of the night.

COFFEE TO GO

Do your guests have a long way to go to get back home? Our coffees to go are the perfect way to help them stay awake until they get there! When your event has ended, DeFabrique will offer your guests a cup of tea or coffee as they leave the grounds.

CREW

Large events often involve a lot of people working ‘behind the scenes’ to turn the event into a success. These ‘guests’ must also be served a good lunch and dinner to help them do their job properly. At DeFabrique, we also put a lot of care and attention into our crew meals.

DRINKS

From tea to soft drinks made using organic fruit, to be mixed by guests themselves: DeFabrique continues to innovate on all fronts, including its range of drinks, taking into account all of the latest trends and keeping our food miles to an absolute minimum.

We use organic, regional products such as Schulp fruit juices and Gulpener beer. Additionally, we offer a wide range of soft drinks by the Roze Bunker, fresh lemonades, and detox waters.
